

ELTERN SEGEN TECHNOLOGIE PVT. LTD.

AI-Powered Visual Intelligence & Smart Surveillance Solutions

ELTERN SEGEN TECHNOLOGIE PVT. LTD. specializes in practical AI-driven solutions that transform conventional surveillance and operational systems into intelligent, real-time monitoring platforms.

Our Core Capabilities

- AI-Based Visual Analytics
- Real-Time Object Detection & Tracking
- Machine Learning & Predictive Analytics
- Business Intelligence & Data Solutions
- Smart Surveillance & Video Intelligence
- Automation & Intelligent Process Monitoring
- Custom AI Software Development
- Realistic Image & Video Generation

Visual AI for Existing CCTV Infrastructure

Apart from our ELVA Device platform, we provide a powerful Visual AI Solution that can be integrated with your existing CCTV ecosystem. Solution Architecture, Utilizes existing high-resolution CCTV cameras. AI processing through dedicated CPU & GPU systems. Seamless integration with existing NVR infrastructure. Centralized monitoring and alert generation. Scalable deployment across plants, warehouses, offices, retail outlets, and industrial facilities

Key Use Cases

- ✓ Missing Object Detection
- ✓ Unauthorized Entry Detection
- ✓ PPE Compliance Monitoring
- ✓ Safety & Hazard Alerts
- ✓ Vehicle & Material Movement Tracking
- ✓ Customer footfall Analysis
- ✓ Counter wise Crowd Analysis
- ✓ Employee Discipline Monitoring
- ✓ Production & Process Monitoring
- ✓ Real-Time Incident Notifications

Business Benefits

Faster decision-making through real-time alerts, Improved operational efficiency, Enhanced security and compliance, reduced manual monitoring effort, Better asset protection and loss prevention, Data-driven insights for management.

Why ELTERN SEGEN TECHNOLOGIE PVT LTD

Our solutions are designed to deliver highly accurate, reality-based results with practical implementation in real-world environments. By combining advanced AI technology with industry-specific requirements, we help organizations achieve smarter surveillance, automation, and operational excellence.
